Christmas 1776:

- They didn't ask permission.
 - They didn't obey curfew.
 - They were outnumbered, had little supplies, & were fighting the most powerful government of their time.
- This was America's first Christmas.
Remember that.

11 ▼ I've been saying it from the beginning to get out in the streets!! I kept being told "trust the plan" .. "stop concern trolling" .. "Trump is God" This group, as smart as it can be, still doesn't realize why the left wins so much (don't look now but their winning EVERYTHING) it's because while our side teases them that they can't do something useless like meme, they are out recruiting 20 somethings to their cause!! That's why they are in every level of power local and far reaching!! ... We sit in our homes and pass memes in an echo chamber!! I know exactly how to win this but nobody wants to listen!! We are going to lose this battle for a while because of it!!

3 ▼ I believe if things are not on the side of Justice and We the People on Jan 6th, there will be. It is hard when our Commander in Chief has given only 2 orders. Stand Down & Stand By, Be There On Jan 6th

5 ▼ It's amazing how the British went from ruling a great portion of the globe to mostly being on that island and having the queen on currency in a handful of places. Then again, it's said that rum is the reason pirates never ruled the world.

5 ▼ What's miss in the story is the fact that only a very small percent of the population actively supported Washington and the founding fathers. Most Americans coward in thier homes; fearful of war and the repercussions of the English. It wasn't until Washington won a fell battles that the general populace supported him.

We are in a similar battle today. Only a few of us are brave enough to fight for Trump. Most will coward and allow Biden rule for the hope of peace. Things won't change until the some sort of movement toward victory.

Once it get rolling, watch out!

2 ▼ When you consider the monumental odds that Washington and his troops and the founding fathers were up against, it really makes our situation *far* less desperate.

No less than what Washington fought for then is at stake now, but we can *easily* take back America, even by force if necessary. Far FAR easier than what it took for Washington.

WE HAVE NO EXCUSE FOR SITTING ON OUR ASSES.

Merry Christmas. Enjoy it, because come January you will be called upon to FIGHT.

death and neither wants to feel pain, but it's what the hero does in the face of fear that makes him a hero and what the coward DOESN'T do that makes him a coward!!

▼ Yes. Because non-violence has worked out so well for us so far. Log off, pansy.
We HAVE been attacked. We are right now, since Nov 3rd no longer living in a constitutional republic. Do you understand that?

AMERICA NO LONGER EXISTS

If we don't FIGHT for it now, by any means necessary like our nation's founders did, then America will never exist again.

So sack it up and fight or sit down and shut up.

What's the temperature like in your basement, simp? Don't let it get too cold down there, all alone in the dark. If you're too stupid to stay warm, nobody else is coming to thaw your dumb ass out. Because nobody fucking cares.

There's the pathetic faggot chimp again. Still at it. Such a loser. And on Christmas too.

Got no family. Got no friends. Got no love. Got no self respect.

You ain't got shit boy. Just a sad, pathetic loser. Commie simp.

Hitting your deport button now. It's obvious you're a sock account. Mods can't deport your worthless ass fast enough.

Wasn't that nice of us?
